

**Barrow Statement on the Imperial Sugar Refinery Explosion**

Congressman John Barrow (GA-12) released the following statement this morning:

“Our thoughts and prayers are with the victims of this accident and their families. I know I speak for all of the citizens in the area in commending the heroes of the fire and rescue departments from all over the region who responded to Port Wentworth's call for help.

Their quick and decisive actions saved lives, and we'll always be grateful.”
